Preliminary Results – OECD Climate surveys

List of Tables

1	Climate change existence
2	Halving GHG
3	Comparisons of GHG emissions
4	Responsible party for CC
5	Possible to halt CC
6	Talks often about CC
7	Most affected generations
8	Scenario witl worlwide consensys
9	Conditions to change lifestyle
10	Effects of policies to halt CC
11	Issues to address to halt CC

TABLE 1: CLIMATE CHANGE EXISTENCE

		Climate change is	
	not a reality	mainly due to natural climate variability	mainly due to human activity
